*Corporate Investigations and Risk Mitigation Consulting Services*

## **THE CHALLENGE**

In the midst of seeking answers to solve complex and potentially costly business problems, possessing the necessary and accurate information, or evidence can mean making the right decision at the right time, that undoubtedly will save time and money.

Don't just get the facts. Understand them. Diversified Risk Management, Inc. goes beyond solving problems and providing answers, so you know *why* things happen, not just that *they* happened.

Experienced, responsive and results driven is what we stand for and what you get with Diversified Risk Management, Inc. Our proven efforts will assist you in managing what you can't see...

Over the years, we have developed various types proprietary strategies that produce effective and objective results, while withstanding scrutiny, so the people in the jury room don't spend your company's money.

Diversified Risk Management, Inc. has enabled employers to strategically maneuver through the risks resulting from employee misconduct, crimes against the business and other challenges that are encountered in today's business environment.

## **THE BENEFIT**

What we do for you;

- ▶ Provide facts to help implement change and improve conditions.
- ▶ Identify risks to defend against legal and safety risks.
- ▶ Energize your bottom-line and positively affect your company's future.
- ▶ Discover potential problems that negatively impact morale.
- ▶ Receive actionable facts and evidence to help you do better and more than ever.
- ▶ Analyze information to proactively improve and solve potential problems.
- ▶ Learn about potential liabilities that may exist and defuse them.

## THE SOLUTION

We do this with the skillful application of multiple disciplines that include;

- ▶ Physical and Electronic Surveillance
- ▶ Forensic Analysis
- ▶ Research and Audit
- ▶ Proprietary Investigative and Interview Techniques

The approach is designed to meet your objectives, provide actionable evidence and present clear and concise facts. Our proprietary interviewing techniques yield high success rates for obtaining voluntary admissions and solving complex cases that produce tangible, measurable results.

With our services you receive an instant solution to your workplace and business problems, access to information to make well informed decisions and savings on costs by employing innovative technologies and techniques.

Basing decisions on defective information can potentially compromise your company's strategic direction and eventually its continued existence. Incomplete and unreliable efforts will certainly fail to identify risks and present and unnecessary legal challenges and costly expenses.

Diversified Risk Management, Inc. investigative capabilities are unparalleled in the industry. With a longstanding reputation for thoroughness, discretion and a clear understanding of labor and employment workplace related matters.

Diversified Risk Management, Inc. is a licensed investigation firm that operates throughout North America and abroad.

Our firm offers a broad range of specialized risk management and investigation services that are designed to control loss and minimize exposure by providing innovative and strategic business solutions. Diversified Risk Management, Inc. assists corporations, non-profit organizations and law firms in identifying, mitigating, and responding to risks through a comprehensive and integrated suite of professional service offerings.

Simply putting it, we arm you with **The Power of Intelligent Information** *sm*
